WANT HENRY TO RUN.

(By Associated Press.)
LOS ANGELES, Cal., Feb. 13.—Francis Henry's supporters are awaiting a reply to a telegram sent last night urging the announcement of his candidacy for governor of California.

FRENCH MAKE ADVANCE.

(By Associated Press.)
FRANCE, Feb. 13.—The French yesterday penetrated far beyond the fourth German line in the Woivre region in three successful raids. They obtained valuable information.

JOINS THE COLORS.

Horton McKim, the only son of H. A. McKim, a Eureka-born boy, for a number of years a resident of Tonopah, a graduate of the local high school and of Stanford university, in the mechanical engineering department, has gone to the colors, enlisting in the U. S. naval service flying corps. He left a splendid position at Bakersfield to enter the service.

GOLD ZONE PREPARES TO START WORK

A meeting of the shareholders of the Tonopah Gold Zone Mining company was held yesterday afternoon in the office of William Forman in this city. Over 90 per cent of the outstanding stock was represented. The following directors were chosen: C. Winget, Pennville, Ind.; F. A. Burnham, Tonopah; Frank K. Pittman, Tonopah; George Arnold, Oxnard, Cal.; William Forman, Tonopah. The directors immediately convened and chose Mr. Winget president.

VICTOR AJAX DOWNS THE "RUSSIAN LION"

WRESTLING AND BOXING CONTESTS LAST EVENING IN AIRDOME.

What was graphically described by a spectator as the "pancake" fall gave Victor Ajax victory over William Berne, the "Russian Lion," at the Airdome last evening. Ajax is twenty-five years older than his adversary, twenty pounds lighter and four inches shorter, but he accomplished the remarkable feat of throwing his opponent over his shoulder, putting him down all four points, and almost putting him out. The struggle was Graeco-Roman and lasted for nineteen minutes. Morrison knocked out Neil in the fourth round and the contest between Sullivan and Trout was declared a draw. There was a big delegation from Goldfield present and the boys from the gold camp got the better of the betting.

NEATLESS MONDAY STILL THE ORDER

(By Associated Press.)
WASHINGTON, Feb. 13.—Suspension of the heatless Monday order, forecast for several days, has been postponed, pending final reports on the coal and transportation situation.

The intention had been to revoke the order last night, but at a conference Fuel Administrator Garfield and Director General McAdoo decided it would be best to obtain the fullest information before acting. About the only part of the country now giving officials concern is New England, where the coal shortage is said to be as acute as at any time in the last few weeks.

RELIEF CORPS PARTY.

The ladies of Gettysburg corps, W. R. C., gave a delightful party last evening in Eagles' hall. There was card playing, dancing and refreshments. A musical program was also rendered. The proceeds were devoted to the charitable work of the organization.

CLOSING ORDER SUSPENDED.

(By Associated Press.)
WASHINGTON, Feb. 13.—The fuel administration today suspended the Monday closing order, but it will be reinstituted if deemed necessary.

THREE CIVILIANS KILLED.

(By Associated Press.)
PARIS, Feb. 13.—There was lively artillery last night in the neighborhood of Pinon and northwest of Rheims. Three civilians were killed and five wounded. German aviators bombed Nancy.

NEW TODAY

NEW TODAY

We Have the Following For Sale:

One Gould Triplex, 5 x 8 750 ft. head, 30 HP motor.

TONOPAH ELECTRIC & TIRE COMPANY

Tonopah, Nevada

YOU ARE NEEDED TO ASSIST CAUSE

GOOD WORK BEING DONE BY AUXILIARY TO THE RED CROSS.

The local N. S. D. committee wants you as a member, and a worker, too, if you can spare the time. This organization is a national auxiliary to the Red Cross and is engaged in making surgical dressings according to the French models. These, as well as the American models, are asked for by the Red Cross.

The dues are only 50 cents a month, a sum so small that you will scarcely feel its giving. Yet how much it may mean to some man wounded on the battle fields of France where some of our boys from Tonopah are now fighting! The lack of suitable bandages may easily cause the loss of an arm, or the sight of an eye, or life itself. How dreadful to think of that because we did not do our part (after all, so little) some of our own boys may come back to us with blinded eyes or maimed bodies that otherwise might have been whole and well.

Every day many earnest, kindly, far-seeing women are giving their time and money at the headquarters that those boys of ours may lack for nothing they need. Don't you, too, want a share in this privilege of helping? Then call up the N. S. D. committee's headquarters before you forget it and tell them to put your name down as a member.

WHAT'S WHAT

Vol. 1. Tonopah, Feb. 13, 1918. No. 4.

In selecting a piece of used machinery it is essential to the purchaser that the article is in good shape and suitable for his requirements. The gears, bearings, cylinders and all parts must be examined carefully, as there are often defects which do not appear on the surface, and unless the user is fully able to make such determinations before buying he should purchase new goods. Acting in the capacity of agent for both buyer and seller, it will be my aim to serve all parties with equal diligence, therefore buyers who are unable to make personal examination of any article of machinery offered through my agency can depend on its being as represented. I am now in a position to furnish almost anything wanted and a great deal of the machinery listed is practically as good as new. With the line of mill machinery now available and the use of the combination ball-pebble mill crushing device I can furnish everything necessary to install a complete cyanide mill up to 200 tons capacity at a saving of better than 50 per cent. This is due to several large mills being dismantled at the present time. Now is the time to build your mill. I'll have the Sullivan goods floating in very soon. With the service that is bound to tell.

L. L. MUSHETT.
Phone 1585. P. O. Box 907.

THE APEX TRIAL

In the district court today the judge and counsel in the White Caps-Morning Glory case were busy settling instructions to the jury, the latter being excused from the court room. Tomorrow the arguments will begin.

TEDDY BETTER.

NEW YORK, Feb. 13.—Marked improvement in the condition of Col. Theodore Roosevelt is reported today.

PERSONAL

W. W. MARSHALL, the post office inspector, arrived from Goldfield on today's train.

ARTHUR S. PUTNEY of Manhattan left for Boston this morning on mining business.

CHARLES W. TAYLOR, a business man of Goldfield, spent last evening in Tonopah.

PERCY TRAIN and O'McCraney were passengers for Manhattan today.

IRWIN R. ALLRED and wife motored in from their Twin Springs ranch yesterday, returning this morning.

C. L. MONTROSE, who has been in the employ of the West End Mining company for the past five years as truck driver, accompanied by his wife and two children, took their departure this morning. They will probably locate in California. W. G. Lindsay accompanied them.

CHARGES AGAINST

(Continued From Page One.)

ing when it will result in wreck. I think it is time to call a halt. We hope the government can demonstrate that trains can make an average of 12 1/2 miles an hour and avoid overtime. The government will have the united co-operation of all classes of employees to accomplish that end.

The long hours were said to be only one reason why many switchmen have sought other employment. In 1890, Mr. Shea said, switchmen performed approximately 4,000,000 ton miles of work for every \$1,000 paid them, but in 1913 the labor had increased to 7,000,000 ton miles for the same pay. He contrasted the labor of stoking one of the great modern machines on a fast schedule run with the old days when a small engine pursued its peaceful way through the country and the fireman was at liberty to take off his boots and go to sleep in the sun when a siding was taken.

"Wages of \$2.50 a day do not cover the actual living expenses of a married man," Shea said. "Our men can leave the railroads and get work in factories at \$4 a day, under better conditions and working shorter hours. Yet, we are performing a service that is vital to the country's welfare."

Conditions such as these, he declared, caused the labor turnover encountered by the Erie in the last six months of 1917, when 8,200 men were employed and 8,700 quit.

NATIONAL COMMITTEE MEETING

(By Associated Press.)
ST. LOUIS, Mo., Feb. 13.—The Republican national committee elected William Hayes of Indiana chairman today. He was placed in nomination by John Adams, who withdrew his candidacy. The resignation of all the members of the executive committee was accepted.

A resolution was adopted to the effect that national committeemen should be regarded as head of the party in their respective states. It was decided that the national committee should meet annually hereafter. Fred Upham of Chicago was elected treasurer.

James Reynolds of Washington was re-elected secretary.

TELEGRAPHS ACCEPTANCE.

(By Associated Press.)
INDIANAPOLIS, Ind., Feb. 13.—William Hayes telegraphed his acceptance of the chairmanship of the Republican national committee today to the session being held in St. Louis. He did not expect to go to St. Louis and had made no plans. Hayes is chairman of both the Republican state central committee and the Indiana state council of defense.

AMUSEMENTS

AT THE BUTLER.

World-famed Mary Garden here today. Mary Garden, the most famous woman in the world, will be seen today in "Thais," a photoplay from the same sensational novel by the great French writer, Anatole France, that was the basis of the opera in which she made her debut in America as a prima donna.

"Thais" also marks the first appearance of Miss Garden in motion pictures. There is no single figure that is of more importance in the artistic capitals of the world than Mary Garden. The story in which she appears on the screen, "Thais," is the work of a great French writer. Tells story of passionate love, of a beauty of ancient Alexandria who is notorious for her many love affairs. The production throughout is complete in every respect, and the conclusion of the story is thrilling in the extreme and affords Miss Garden one of the best acting opportunities of her career. Mary Garden is beautiful, slim and graceful. She has a sensational dance in "Thais," and the production contains something never before seen on the screen. If the writer had the space he could give much more detail regarding this wonderful production, but he does not feel that it is necessary, for everyone knows the story of "Thais" and one can rest assured that this picture will tell it over and show it to you in every detail. Matinee 1:30; evening 7 and 8:30. Admission; Children, 11c; adults, 11c and 17c.

RAILROADERS WANT \$6.

(By Associated Press.)

WASHINGTON, Feb. 13.—Senator Kellor, in supporting the interstate commerce committee's amended draft of the administration railroad bill today, said that government control would have been unnecessary

If the carriers had been given proper government assistance.

Warren Stone of the Brotherhood of Locomotive Engineers told the railroad wage commission that traffic congestion was due to the railroads' lack of preparation to meet the winter weather. He asked a \$6 minimum wage.

Stone said that many railroads entered the winter without "provision for care of motive power, round-houses being doorless and unheated. He knew one instance where twenty-five to thirty engines were kept burning all night, using perhaps a ton of coal each, to prevent freezing. He declared that long hours of railroad men worked a menace to the public safety.

ED BEVIS A BENEDICT.

J. Edward Bevis of Goldfield and Miss Pearl Summers were married Monday by Justice Marvin Arnold. They will make Tonopah their home.
